BENEFITS OF USING SOFSTRIP ABRASIVE MEDIA

- **No Free Silica**
- **Containment is minimized**
- **Greatly reduced abrasive disposal costs**
- **Non-sparking**
- **Water soluble; safe to use without shutting down operations**
- **Will not damage sensitive operations or equipment such as bearing, seals compressors**
- **Environmentally friendly washes into soil**
- **Scarifies existing coating and cleans for overcoat applications**
- **Slightly alkaline**
- **Ideal for mold remediation**
- **2.8 on MOHS hardness scale**
- **Available in two sizes:
Maintenance grade (MT 150 microns) or XL Grade (XL 260 microns)**
- **Flow aids blended in SofStrip to enhance abrasive flow**
- **Custom Abrasive Blends Available**
